Fatal Hunting Accident at Lowell

One fatal accident occurred during the hunting season in Orleans county at Lowell Thursday morning, when Merrill Stockman, of Franklin, aged 18 years, who was spending a few days with his brother, went hunting in the south part of the town, and fell in such a way that the gun he was carrying was discharged, the charge entering his body near the heart. The accident occurred about 10:30, and the young man died at noon.

Gets a Deer Anyway.

A singular circumstance happened Sunday of last week as the helping engine was returning from the Summit, near Willoughby, when the engine run into and killed a large buck deer that was either standing on or attempted to cross the railroad track ahead of the engine. The engineer stopped the engine, picked up the deer and brought it to Newport, notifying the game warden, who made an examination and released the deer to Mr. Creaser.

1782 Deer Killed.

Up to yesterday noon the record for the number of deer killed during the open season that ended last Saturday afternoon was 1782, and the total record will go well over 2000. The record by counties is as follows: Addison 113, Bennington 176, Caledonia 81, Chittenden 48, Essex 90, Franklin 43, Grand Isle 1, Lamoille 122, Orange 98, Orleans 81, Rutland 216, Washington 181, Windham 265, Windsor 267.

The Smallpox Situation.

There appears to be no cause for alarm about the smallpox situation, as health officers are taking every precaution to prevent the spread of the disease and in every instance it is very mild, and in a number of cases physicians disagree as to whether it is genuine smallpox or not. The situation in Greensboro, Craftsbury, Hardwick, Morrisville and other towns is no more serious. Three cases have developed in Barton, one in Orleans, some in Sheffield and one or two others in different places. The local cases are all better and were quarantined 10 days before being sick so there is absolutely no chance for further development of the disease from these cases. The report that there are a large number of cases in Barton and Orleans is entirely false.

White River Junction Station Burns.

The recently remodelled union station at White River Junction was destroyed by fire Tuesday morning. The loss is estimated at \$80,000. The fire is thought to have originated from defective wiring. The fire resulted in little delay of trains but temporarily delayed telegraphic messages.

The South End Senatorship.

Mr. Editor: The announcement to the republican voters in a recent issue seems to call for a few words from me. First of all I wish to thank my friends and townsmen for their expression of confidence in me. As to the claim that Glover has to the senatorship I believe every voter will concede it is just, and as to its candidate wish to say that I never have been an office seeker, but if the voters of Orleans county see fit to elect me to the office of senator from the south end of the county I shall try to give to its duties faithful service to the best of my ability.

S. T. Vance.

West Glover, Vt.

Voter Nominates Davis.

Mr. Editor: In answer to the item in the Monitor of Nov. 8 headed "To the Voters of Orleans County," regarding the senatorship. If it belongs to the town of Glover to name the senator for the south end for the coming election we believe the voters of Glover should all have an even chance and we are perfectly willing they should. If the town has been canvassed as stated, we feel called upon to say that the town has not been thoroughly canvassed according to reports. We fully understand that it will be nine and one-half months before the call of the caucus for the purpose of electing delegates to the county convention. We admire the forethought of the voter who signed the above mentioned item, for being so early with his proposal. We have noted the ability of the above mentioned voter not only for several other proposals of nearly the same nature. We think he over-reached a little in telling what the democrats have done. What has been done is quite liable never to be done again. We believe the democrats are quite capable of naming their own candidate for their own convention. Now if it belong to the town of Glover to name the candidate for senator, we, the republican voters of the town of Glover feel called upon to name a man whose ability cannot be questioned, one who has held nearly all, if not all the several different town offices, who was born in and has always been a resident of the town of Glover, who was elected town representative in 1904 by a large majority and we would name for that man, H. N. Davis.

N. H. Drew.

Glover, Vt.

Glover Ought to Settle Senatorship.

Mr. Editor: I see by your paper a letter from a voter stating the situation of the senatorship in the south end. Now, Mr. Editor, it seems to me as though those two men might get together and decide once and for all which would run. They are both good capable men and both Mr. Vance and Mr. Davis are my personal friends. I have not the heart to vote for one to spite the other, neither will I do it, but will vote for either if there is only one in the field. I believe in a candidate at a time to save strife or hard feelings.

Yours very truly,

B. C. Miles.

Oliver Valley.

After an illness of nearly two years, Oliver Valley, died at his home in Westmore at ten o'clock Wednesday morning. Mr. Valley had been prominent in the business life of Barton. Born in West Glover, Oct. 20, 1847, he married Miss Rosilla Fquette in 1867, and since then has lived in Barton. Several years ago Oliver and Joseph Valley bought a large tract of wild land in the vicinity of May Pond, and so improved it that now it is one of the finest farming districts in town. Later he dissolved his partnership with his brother Joseph, and in company with his younger brother Israel, started quarry business and this farm has produced stone for some of the best bridge work in Northern Vermont. Among other business enterprises in which he has been engaged is the tub shop, he being the Valley of the firm Stephenson, Wright and Valley, who conducted the business for several years. About a year ago he purchased the Frank Orne farm in Westmore, where he had since resided. Mr. Valley had been a staunch supporter of the Catholic church of this place and was prominently associated with the erection of the present church edifice. He is survived by a widow, three brothers, Henry, Joseph and Israel, one sister, Mrs. Emily Baldie and an adopted daughter, Mrs. James Revor. During his illness Mrs. Valley has been his constant attendant and her tender care and devotion has been very marked. The funeral was held from St. Paul's church at ten o'clock Friday morning.

Something the Matter with Our Chicken Pie Suppers.

The churches have given their excellent and successful chicken pie suppers and from the patronage received they evidently are very popular; but there is something wrong about them that should not be repeated in the future. The price is too low. The large amount of work, the great variety of food, the high cost of such a supper make it impossible to furnish it for twenty-five cents and have left over for the treasury what should be after the bills are all paid. Besides, it is positively wrong to encourage people to believe that they are helping the work of a church by patronizing a supper that costs more than they give for it. The women of the different churches should agree to charge at least thirty-five cents for a chicken pie supper in the future and the common sense of the great majority would approve the change.
